SUMMER CAMPS AND INTENSIVE GERMAN SUMMER COURSES IN GERMANY 2018

The focus of teaching is on the spoken language and its application in communication. Of course, grammatical exercises and sound knowledge of the German language are also important for this.

Summer camp Junior Courses in July:

In July there is a complete package for juniors (14 to 17 years) including registration fee, course material, accommodation in a host family (single room), half board, and a cultural program offered for the respective weeks.

Motivation and fun for learning are the key to learning success, especially for young students. The Junior summer courses are for young people between the ages of 14 and 17 years. After a thorough placement test, they learn at their levels A1 to B2 according to their previous knowledge.

Intensive Summer courses in July & August (20 lessons / week):

The summer courses with participants from all over the world take place in July and August and are designed for a duration of 2 to 4 weeks. For the month of July our partner school offers a varied leisure and cultural program. Many of the activities are aimed at teenagers participating in the Junior Summer Camps but are an option that can be chosen on site for the Intensive course students and the weekends are often enjoyed by teenagers and adults alike. It is possible to register and pay on site for individual activities (e.g. joint barbecues, city tours, pub and sports activities, as well as museum visits and excursions to the North Sea, to Hamburg, Hamelin, Groningen and Amsterdam, exact programme not yet finalized.)

After a thorough placement test, the students learn their prior knowledge in 5-8 levels from the basic level (A1) to the upper level (C1).
